Notes

- Channels marked "**(Card)**" can only be viewed with a Sky Digibox satellite receiver and "FTV" viewing card from UK for which there is a fixed charge but no monthly subscription.
- When used with an FTV card in a Sky Digibox Channels 101-103 (BBC1, BBC2 and ITV1) will show the regionalised channel related to the registration of the card. Other regions are available in channel range 971-993.
- The "**EPG**" (Electronic Programme Guide) number is the channel number used on Sky Digiboxes only, and is not relevant to non-Sky systems.
- Most channels are receivable in Europe with 60cm dish or smaller, Channels marked with "*" may require a larger dish (MUCH larger in southern and eastern Europe!), minimum 90cm in the Munich area.
- Channels correct at time of document creation. Changes do occur regularly, so this document may quickly be out of date!
- Some channels are only free-to-air at certain times of day, especially those marked "(P)".
- "HD" Channels require a HD capable receiver.
